Education

University of Southern California	Los Angeles
M.Arch + 3 years, NAAB-accredited Merit Scholarship	08/2022 - 05/2025
Beijing Forestry University	Beijing
B.S. in Mathematics and Applied Mathematics	09/2017 - 06/2021

Professional Experience

BQL Studio Architectural Visualization & Computational Design Specialist Self-Employed - Produced architectural photography and marketing visuals for residential and hospitality projects. - Provided drafting, modeling, and documentation support for residential projects. - Advanced independent studies in façade representation, material expression, and interactive architectural visualization through AI-driven design workflows.	Los Angeles 09/2025 - Present
Urban - Think Tank (NY) Architectural Intern Supervisor: Frederic Levrat, Director, U-TT NY Social Housing Proposal – Western Cape, South Africa - Led early conceptual design studies for a mid-scale social housing community on a sloped site. - Developed unit typologies, community layouts, and renderings to support design development and client communication. - Participated in cross-office meetings, presenting work and discussing client feedback and regulatory requirements. Single-Family Residence – Coccorino, Italy - Supported final design development for a private residence. - Produced 3D models and renderings for design presentation. - Refined spatial layouts and material selections through supervisor review.	New York 06/2024 - 08/2024
First Comprehensive Design Institute, CAADRI Intern Architectural Assistance Middle School Building - Beijing, China - Conducted site survey, measurements, and documentation of existing conditions. - Analyzed site constraints and supported early-stage planning and program studies.	Beijing 06/2021 - 08/2021
inDeco Design Intern Office Interior Project - Beijing, China - Assisted in interior design development through 3D modeling, material exploration, and visualization. - Contributed to custom furniture design, including sourcing and on-site assembly coordination.	Beijing 06/2020 - 09/2020

Technical Skills

Rhino, Grasshopper, Revit, Sketchup
Adobe (PS, AI, ID, AE), AutoCAD
D5, Enscape, V-ray, 3ds MAX
Nano Banana, Claude Code, Midjourney,
BIM, C#, C++, Unity, SolidEdge, Matlab, MayCad, R, Python, Houdini

Additional Skills

Leadership
Problem Solving
Systematic Thinking
Mathematical Analysis
Architectural Photography
Coral Conservation Diving
